About Us.

The Queen Creek Chamber of Commerce, established in 2002, is committed to solving problems so businesses can thrive because strong businesses create strong communities. Our mission is realized through three key initiatives: Queen Creek Connects, Queen Creek Leads, and Queen Creek Works. **Queen Creek Connects** focuses on fostering connections within the business community and with the wider public through dynamic networking events and initiatives like Explore Queen Creek. This helps businesses build relationships and strengthen their ties with the community. **Queen Creek Leads** is dedicated to influencing public policy, by working with local, state, and federal officials to ensure Queen Creek remains an attractive place to do business. Lastly, **Queen Creek Works** enhances workforce readiness by partnering with local educational institutions and businesses to prepare students for careers. Through these strategic efforts, the Chamber plays a vital role in nurturing a vibrant and prosperous business environment in Queen Creek.
